The Isle

1. A man

Okay, thurs you are ~ !

Hey, easy now! I am taking a blood sample.

SSS...

Done and congrats !

That was my 2000th tranquilizer shot.

Now, go ... !

Don't get caught by another human now !

Because humans are ... !

Really, really, scary ...

Sorry to keep you waiting.

Won't take long. Hang in there.

Well, there goes my pants.

Oh, well.

How is it going Jeong-Min !

Ah ...

Chief !

Come on. Have a cup of coffee.

Sir, cranes are here.

Oh? For real ?

They say cranes bring luck

Maybe, a beauty will visit this isle while I am gone ?

Anyway, anything else to report ?

Well, the trend is gradual decrease of overall birds .. I suppose that is the impact of marine developments

There has been active land reclamation developments in recent years ...

Problem is that the people upstairs simply don't care and just keep going...

No doom and gloom though

This isle is safe. Doubt they will develop it anytime soon

Yes, I hope they won't ...

Anyway, are you sure about it ?

Yes?

About me taking your vacation.

Oh... sure. Of course.

Still ... listen -

I've been taking all paid leaves I feel you should take this one.

You don't leave here at all ...

It will be a full year if you don't take his vacation.

It's fine, sir. ... I just like it here very much.

It's not like I have anything else to do ..

... You ...

?...

There is no woman here...

... Kid, do your ... balls work at all ?

Excuse me ?!

Chief.. do you want me to cancel my vacation ?

Sorry ! It was a joke, a joke !

Shutting myself up ...

I suppose ... he was correct on that assessment.

But ... I really ... liked The place.

Sir!

The food is here.

Okay...

Poppy has yet. Sir. And why don't you take a plane this time on road ...

Okay. anyway.

I'm getting normal dead you

I feel like you are shutting yourself up here.

I am not. Sir, you are worrying too much.

Don't forget the books I asked.

You again, Professor?

Why doesn't that young man ever leave?

I wish I knew.

That must have his reasons ...

.....

Sir ...

The idle offered a unique sense of peace ...

The sky is really closer tonight.

What a good night to observe the stars

No one meddled.
No one pressured.

...For me at least,
this place enabled me to
forget about the chaotic life in the city.

The place made me feel so
good that I wouldn't have
minded even if I ended up dying
there.

At least ... until the day came ...

!!...

On that night, the light ...

I was absolutely positive that it was
a nuclear explosion.

How did it happen ?

That wasn't important.

Isn't that where
Seoul is ...?

At that moment, I was simply overwhelmed
by fear of what might happen in
upcoming days and ...

!...

Mysterious fear of what
might be coming to the Isle ...
